

Sanford Founder's Day September 9th, 2017

Sanford Founder's Day 2017 found the weathers gods in a much better mood. Last year we had rain on the trip to the event, some during the day, and more rain on the way home. By way of contrast ... this year was absolutely beautiful. Sunny to partly cloudy all day with pleasantly cool temperatures. Linda and Tim Evens did there usually fine job of spearheading this event in their own home town. Everyone seemed glad to be there; several potential new members showed up.

Sanford Founder's Day September 9th, 2017

We had a lot of high quality Fieros at Sanford 2017. Several Fieros were very nicely customized with interesting body and engine mods and many superb examples of restored and or very well maintained classic Fieros. Here are some of the cars that attended:

Everyone seemed to have a good time.

Jim Allard had to leave early and as a result we missed a picture of his rapidly evolving custom restomod. Jim is very creative and his car is rapidly turning into a show worthy Fiero. We'll get a picture next time, Jim.

We also missed a picture of one of Tim Evens cars from his extensive collection; a white 3800 V6 with Super Charger. We will do better next time for you too Tim. The dark red Convertible was from Tim's collection as was the lovely and rare Factory Blue GT both pictured earlier. Hopefully two out of three captured in pictures is a reasonable batting average.

Everyone ate well from both the founders day fare as well as all the goodies everyone brought to share. Gary Taylor had a birthday coming up and we celebrated with some fine birthday cake; Gary is still sticking to the 39 years old story but some of us wonder just when he first attained this classic and often used birthday age?

Sanford was a great weekend and a fitting mid September outing. The next big day on our calendar is the Fall Color Cruise October 6th, 7th, and 8th. Details of this event are on our Web site and Sue and Lou Oles are working hard to finalize every last detail of this classic fall trip. Hope most of you can make this very special outing; it is always a great way to wrap up our club sponsored driving events for the year!

The next major event after the Color Tour will be our Christmas Party the beginning of December. Event details will be posted on our web site in the very near future.

All the Best / *Roger Fagnani*
